View all your scheduled meetings and quickly convert events to worklogs

*Google Calendar integration is only available for Tempo Cloud

The screenshot shows the Tempo Cloud interface for user Lars Petersen. At the top, there's a navigation bar with a profile picture, name, and buttons for 'Submit last period', 'Calendar', and 'Timesheet'. Below this is a calendar navigation bar showing the current week (16/Dec/18 - 22/Dec/18) and a 'View' dropdown. The main area is a grid of daily worklogs and plans. On the right, there's an 'Issues' sidebar with a search bar and a list of tasks.

Connect

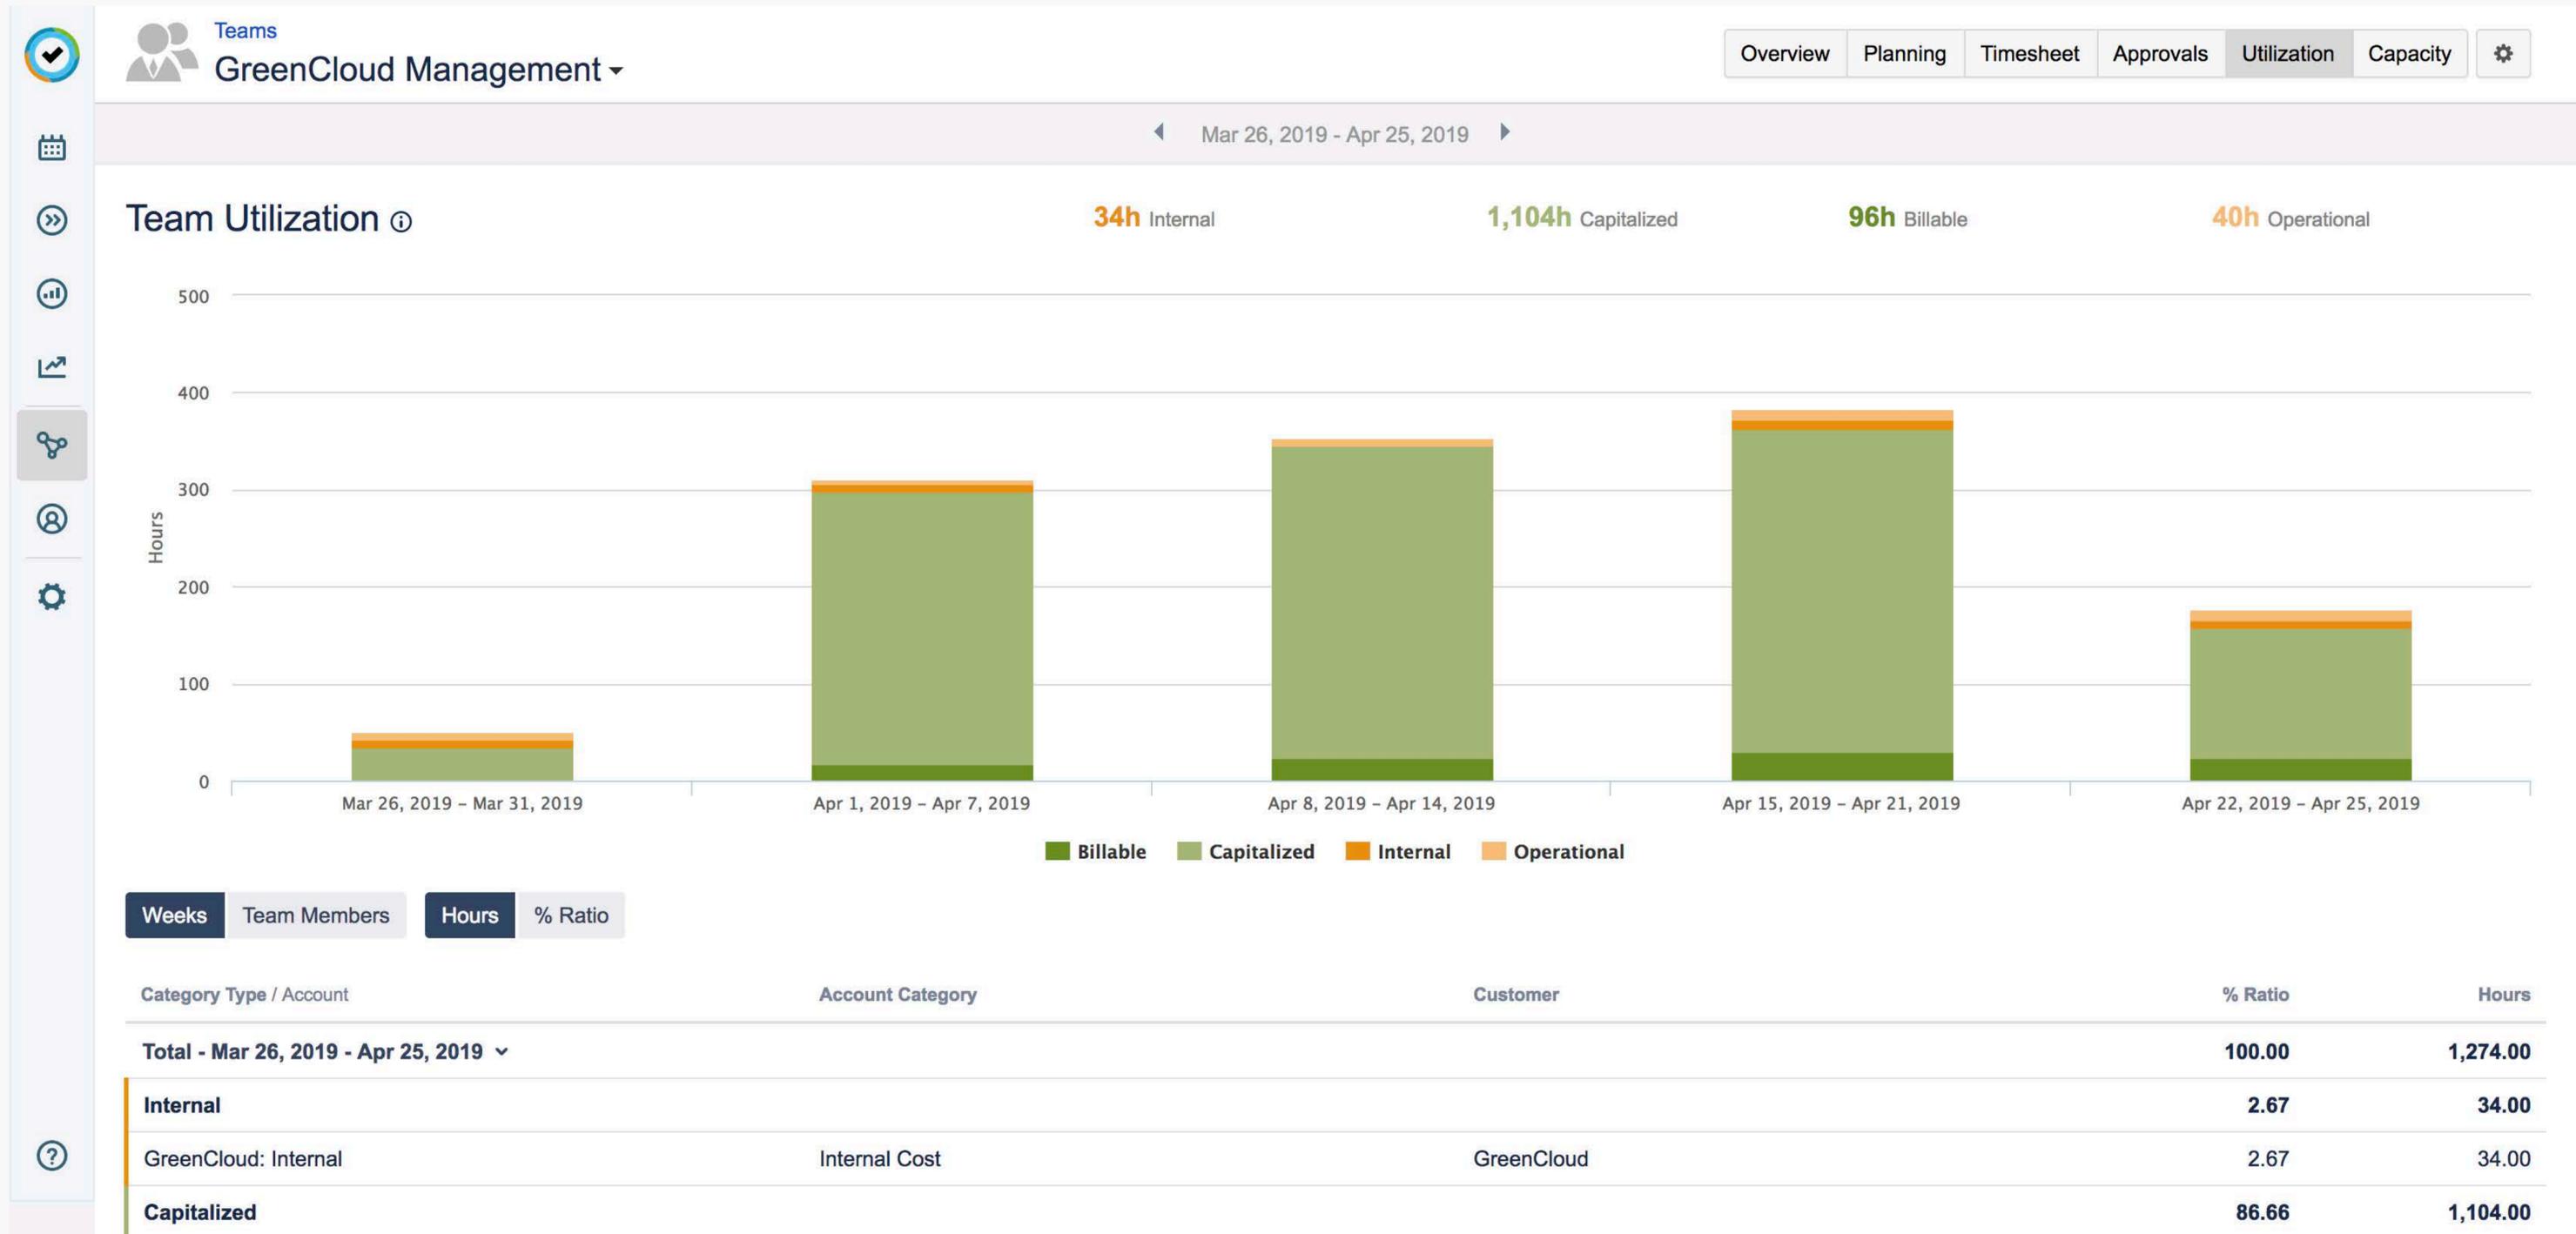

Going beyond the data

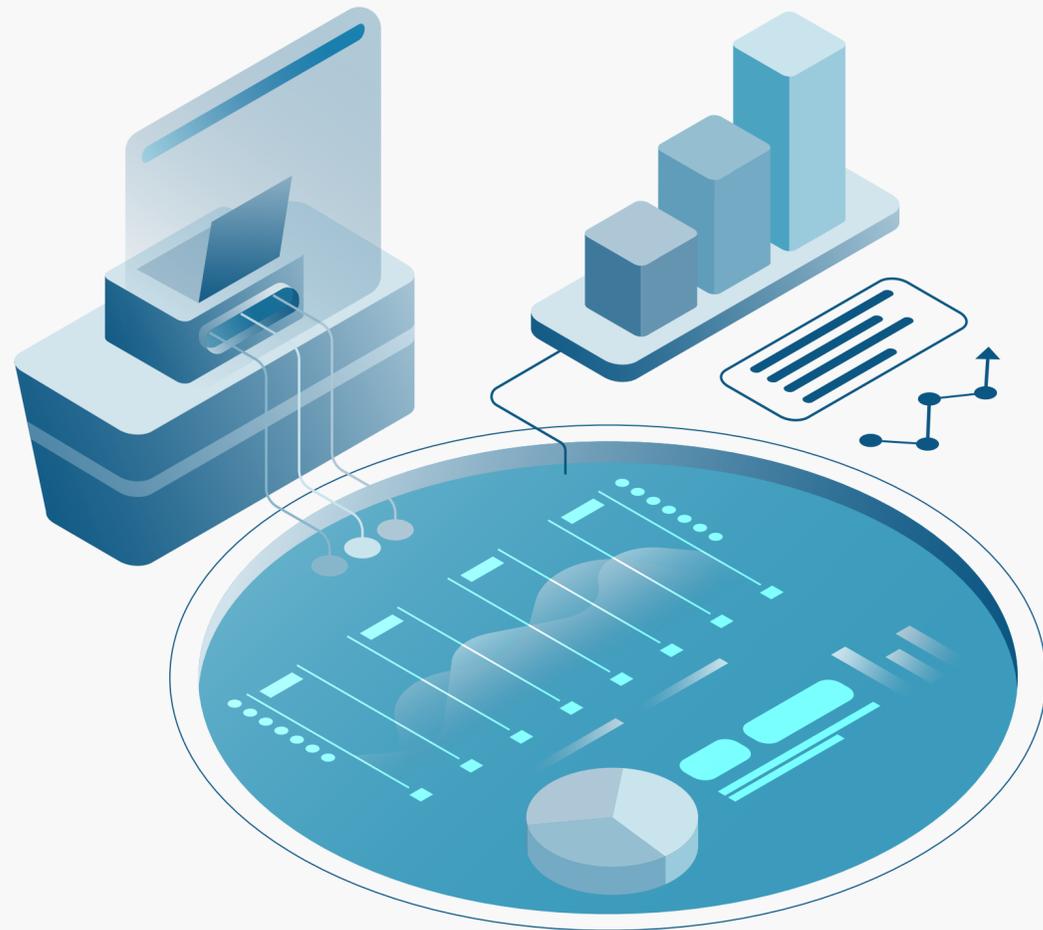

Easy time tracking means you can measure and report on CAPEX and OPEX with precision. By adding an additional layer of managerial oversight with Tempo's approval process, reduces errors and results in transparency and traceability.

Create accounts and identify as CAPEX or OPEX. Link to Jira issues or on a project basis.

Team utilization report

See how work logged is distributed - only available on Server

Turning data into insights

Get the right information presented in the right way and make better decisions.

With custom reporting, filtering and grouping dimensions, you can make sure your team is spending their time on the right things and you can value what projects you can take on.

Custom reports

With multiple filtering and grouping dimensions, and ability to save

The screenshot shows a web interface for a 'Custom Report'. At the top, there's a 'Reports' header with a 'Custom Report' title and a 'Save as' button. To the right, it displays 'Total Hours 835h 30m', a 'Log Work' button, and an 'Export' dropdown menu. Below this is a navigation bar with a date range 'Sep 1 - 30, 2018', a 'Filter by' dropdown, a 'Group by' dropdown set to '1. Issue', and a 'Grid view (Days)' button. The main content is a table with columns for 'Issue', 'Key', 'Σ' (total hours), and days of the week from '04 MO' to '08 FR'. The table lists various tasks with their respective keys and hour allocations per day.

Transparent resource planning

Increase productivity

Avoid overworking your teams and make the most of your resources.

As a manager, you can spend less time on resource management and identifying hiring needs. Instead use all or part of this free-time for other more value-added tasks.

Resource planning

The image shows a resource planning interface. On the left is a calendar grid with columns for '05 FRI', '05 SAT', and '07'. A task card is visible on the calendar with the title 'Login with Facebook', subtitle 'Review SDK', and key 'KEY-123'. A tooltip for this task shows 'Requesting available flight for cargo' with a '2h' duration. On the right is a panel titled 'Issues' with a search bar and tabs for 'Recent', 'Project X', and 'Favorite'. A list of issues is displayed, each with a title, a status icon, a key, and a duration. A tooltip for the 'Requesting available flight for cargo' issue shows '0h rem. estimate' and '8h planned'. Another tooltip for the 'Engage JetShuttle SpaceWays about contract' issue shows 'Summary: Engage JetShuttle SpaceWays about contract' and 'Assignee: John Steel'.

Extensive financial tracking

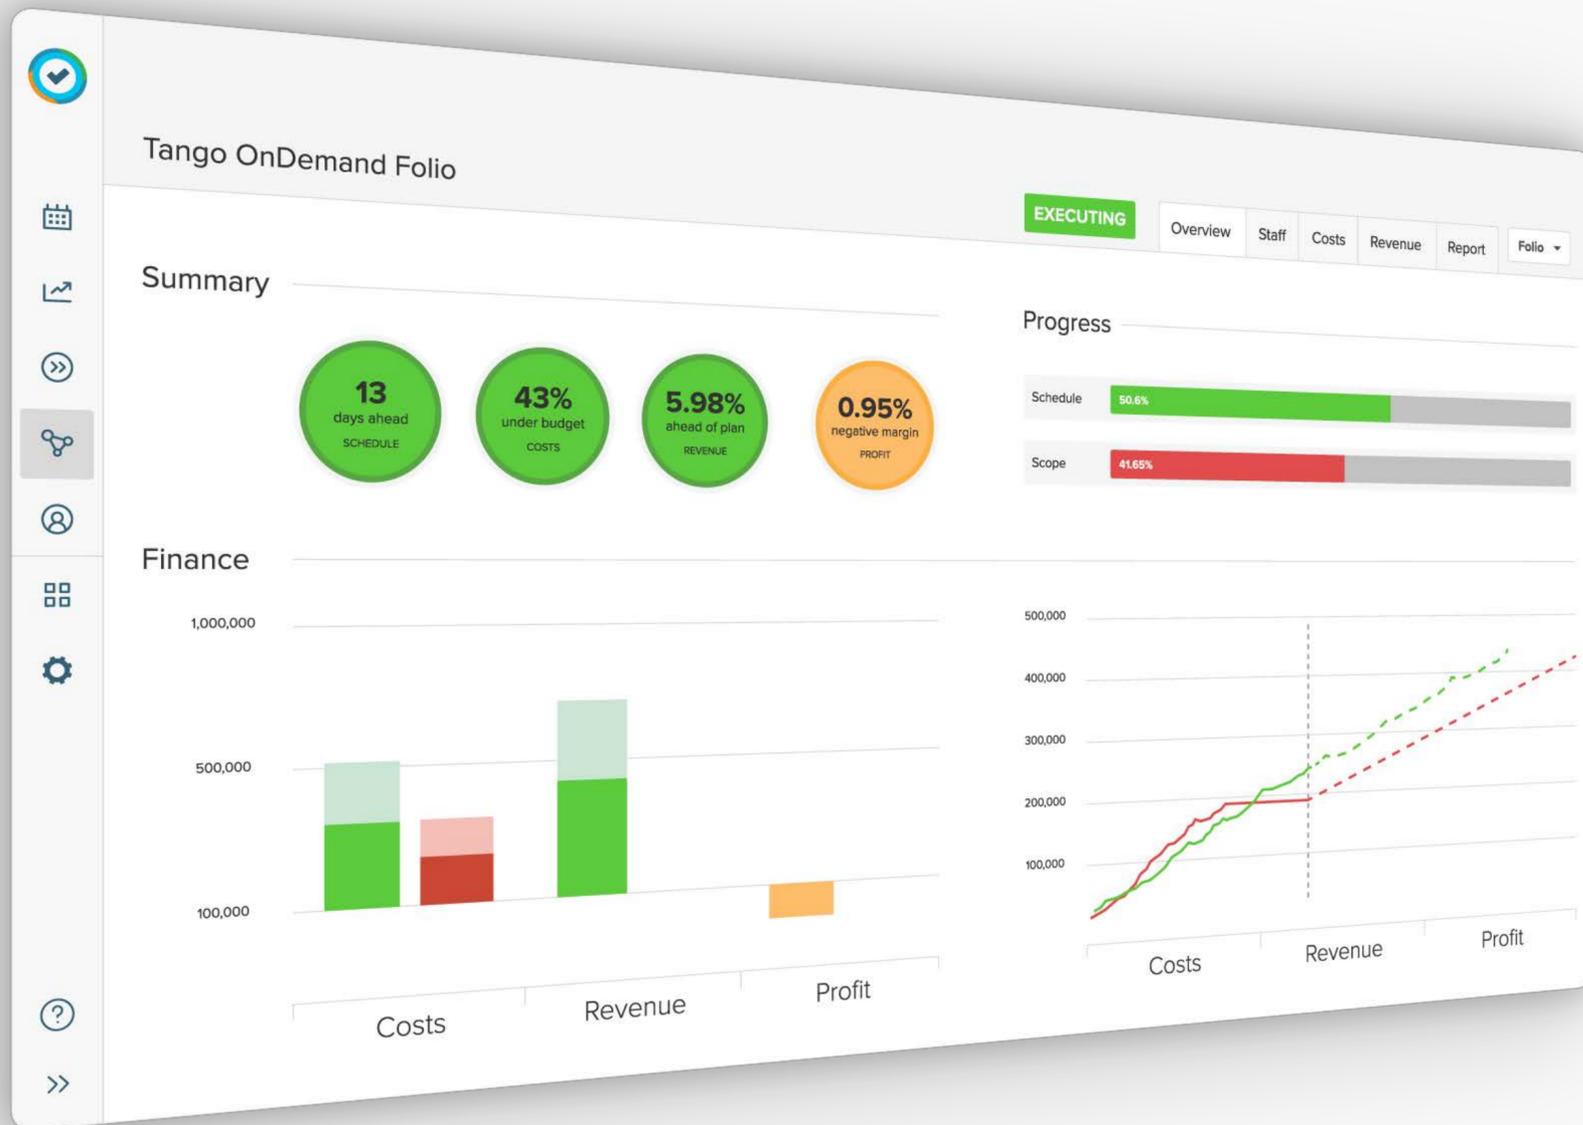

Stay on budget

Complete, real-time visualisation of project and portfolio health with cost and revenue overview. You can speculate planned vs actual cost and forecast to constantly changing circumstances.

Track simple cost

Simplify your financial management and create, plan and track costs as granularly as you like.

Plan upcoming projects

View aggregated budget, planned vs actual and other metrics available on the portfolio level.

Get an overview of a project's health for informed decision making and stay on track with your strategic goals.

Navigate effortlessly through large project portfolios

All your projects and portfolios are available in a powerful overview.

The screenshot displays a 'Manage Portfolios' interface. At the top left, the title 'Manage Portfolios' is shown, with a 'Global Settings' link on the right. Below the title, there is a search bar labeled 'Name' with a clear button (x) and a 'More Filters' dropdown. To the right of the search bar is a 'Columns' dropdown and a list view icon. Below the search bar, there are 'Recycle Bin' and 'Empty Bin' links, and a 'Status: Any' dropdown. The main content area is a table with the following columns: Name, Status, Owner, Start Date, End Date, and Project Manager. The 'Name' column header is highlighted with a dark background and an upward arrow. The table body is currently empty. On the left side, there is a sidebar titled 'Portfolios' with two green plus icons. Below the sidebar title, there is a list of portfolio categories: Cloudbay, Greencloud, High Risk Projects, Low Risk Projects, Medium Risk Projects, and Organization.
